"We have found Harding, Shymanski & Company's service delivery to be very timely, proactive and accurate. The fact that they are the largest local accounting firm that provides specialized accounting services together with the depth in their staff allows them to deliver timely monthly financial statements year round – even during the busy tax season!

Their QuickBooks experts have delivered accounting assistance and training as needed, and they have even worked with us onsite at our offices on many occasions enabling us to become more efficient with our internal bookkeeping processes and procedures. We would recommend any company looking to hire an accounting firm to consider HSC in their search."
